GF ECONOMY SOLUTIONS

GF Economy Print & Laminate Solutions offer cost-effective, dependable graphic solutions for short-term signage. Available in both gloss and matte finishes, these 3.0 mil pressure-sensitive vinyl films feature a durable, permanent acrylic adhesive on a smooth, 75# 2-sided poly-coated liner. The adhesive ensures strong, lasting bonds to a wide range of common substrates. The laminates are designed to protect graphics from abrasion and are also printable. The calendered films and laminates are all compatible with solvent, eco-solvent, latex, and UV-curable inks, making them versatile for use with wide-format digital printing systems. Engineered for general signage, window graphics, and decals, GF Economy Solutions deliver the perfect balance of quality, performance, and affordability.
